

1. Question: What is the full name of the person associated with this Bharat Unnati AI Fellowship (FAB) submission?

- A) Ramesh Hallur Ishwari
- B) Ishwari Ramesh Hallur
- C) Hallur Ishwari Ramesh
- D) Ishwari Hallur Ramesh

Answer: B

2. Question: What is the USN provided for Ishwari Ramesh Hallur?

- A) 2KD22CS043
- B) 2KD22CS034
- C) 2KD22CS024
- D) 2KD22CS014

Answer: B

3. Question: What is the email address listed for Ishwari Ramesh Hallur?

- A) ishwarihallur05@gmail.com
- B) ishuhallur05@gmail.com
- C) hallurishwari05@gmail.com
- D) ishwari.hallur@gmail.com

Answer: B

4. Question: What is the assignment topic for this submission?

- A) Creation of AI Prompts
- B) Generation of AI videos
- C) Generation of AI videos with great prompts

D) Advanced AI Video Editing

Answer: C

5. Question: What animal is the main subject of AI Video Prompt 1?

A) A powerful lion

B) A majestic Bengal tiger

C) A graceful cheetah

D) A large elephant

Answer: B

6. Question: According to Prompt 1, where does the Bengal tiger stride?

A) Through a dry desert

B) Through a snowy forest

C) Through a lush, dense jungle

D) Through an open savanna

Answer: C

7. Question: What is the specified duration for the loopable animation in AI Video Prompt 1?

A) 5-second

B) 10-second

C) 15-second

D) 20-second

Answer: B

8. Question: What type of scene is described in AI Video Prompt 2?

A) An active city street at night

- B) A peaceful natural landscape during early morning sunrise
- C) A stormy ocean scene
- D) A volcanic eruption

Answer: B

9. Question: In AI Video Prompt 2, what flows gently through the valley, reflecting the warm golden sunlight?

- A) A busy highway
- B) A crystal-clear river
- C) A winding railway track
- D) A cascading waterfall

Answer: B

10. Question: Both AI Video Prompt 1 and Prompt 2 list the same Drive Link. What is it?

- A) <https://youtube.com/shorts/kPzx3NMqaWo?feature=shared>
- B) <https://vimeo.com/shorts/kPzx3NMqaWo?feature=shared>
- C) <https://drive.google.com/kPzx3NMqaWo>
- D) <https://youtube.com/watch?v=kPzx3NMqaWo>

Answer: A

---SUMMARY---

Ishwari Ramesh Hallur (USN: 2KD22CS034) completed an assignment on generating AI videos from prompts, providing two detailed examples. The first prompt describes a majestic Bengal tiger powerfully striding through a lush jungle at golden hour, emphasizing cinematic style, 4K resolution,

and a 10-second loop with specific camera movements and ambient sounds. The second prompt details a wide, cinematic shot of a peaceful natural landscape during early morning sunrise, featuring mist-covered meadows, tall mountains, a crystal-clear river, and birds, focusing on ultra-realistic textures, natural color grading, and a serene, photorealistic 4K quality.
